MIRROR ROOM

The Deep Sea Collection

Leave the surface behind and enter the deep sea. Here is where the ocean's depths come alive – each wave a reflection of the Atlantic's hidden underwater garden, and each sip a voyage through its uncharted waters. As the sea stirs around you, mixology rises to the art of exploration – ingredients intertwine like tides, carrying salt and textures hidden in the deep, crafting moments as infinite and profound as the ocean's endless seabed.

At The Mirror Room, each cocktail emerges as two expressions of one story. The first, a masterful creation carrying a pulse of the ocean's vastness – and beside it, its reflection, a non-alcoholic interpretation as pure as the water itself.

Surrender to this submerged haven of imagination and immerse yourself in the secret beauty of the ocean's unseen wonders

*A journey through the depths of the ocean's abyss,
where salinity and dark fruits take center stage.*
